

# QuikTrak Program

## Expedited Separable Compressor Shipping

*Dresser-Rand has developed a HOS stocking program that enables the company to assemble, test, and ship a complete compressor in about four weeks.*

Dresser-Rand's Gas Field Compressor group has developed a program called QuikTrak that enables the company to make commonly used rental fleet-type compressors available for shipment in four to 12 weeks (depending on availability).

This program, aimed at delivering standard compressors in a tight time frame, is designed especially for packager rental fleets or quick shipment requirements and carries enormous advantages for end users. For packagers, units shipped in the QuikTrak time frame could fill capacity holes, present the opportunity to apply stock drivers, and allow for timely revamps of idle units. For end users, the QuikTrak program ensures quick field replacements and reduces cycle time between investment and return.

### QuikTrak Details

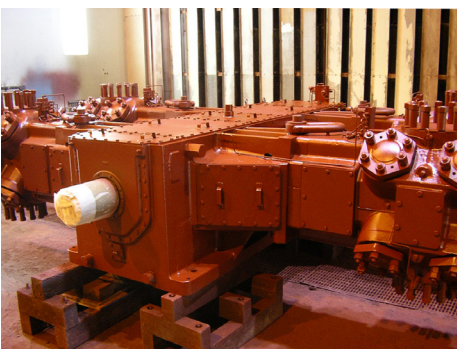

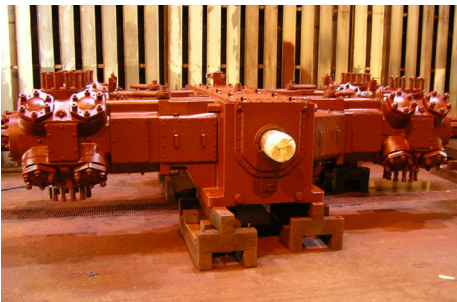

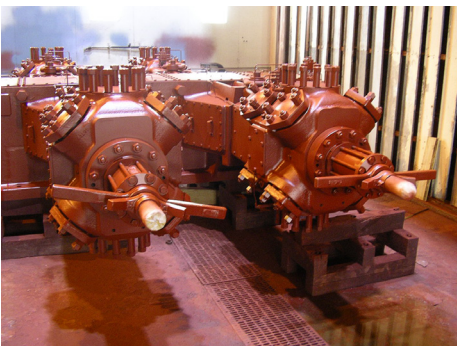

The program is based on a first come, first served basis. All the cylinders are gas cooled except the 10.5" cylinder (which is water jacketed but does not require forced JW cooling). Our field adjustable HOVVCP is included on all cylinders. Standard materials are included. Special equipment and/or QA/QC is not included in QuikTrak but is available with longer lead times. It is possible to mix and match QuikTrak program frames and cylinders for other configurations, as necessary. Individual frames and cylinders are considered complete assemblies.

Unit configurations initially being offered for the QuikTrak program include (but are not limited to) two- and four-throw HOS compressor offerings, with seven cylinder sizes to choose from, as noted below (offerings will be expanded as market requirements dictate).

Cylinders	Frames	Common Drivers
15-15-9.5-6.0	5HOS4-3 or 6HOS4-3	A-B-C-E-H-I-J-K
13-13-9.5-6.0	5HOS4-3 or 6HOS4-3	A-B-C-E-H-I-J-K
15-15-11.5-8.0 (same as Exterran G32520B rental fleet units)	5HOS4-3 or 6HOS4-3	A-B-C-E-H-I-J-K
10.5-10.5-10.5-10.5	6HOS4-3 or 7HOS4-3	B-C-D-E-H-I-J-K
10.5-10.5	6HOS2-1 or 7HOS2-1	B-C-E-F-G-H-I-J-K
9.5-9.5	6HOS2-1 or 7HOS2-1	B-C-E-F-G-H-I-J-K

Compressor frames initially being offered in the QuikTrak program:

	6HOS2	7HOS2
5HOS4	6HOS4	7HOS4
